

SUBJECT INDEX TO VOLUME 73

Entries from JOURNAL departments are identified as follows: Book Reviews—(BR); Case Reports—(CR); Clinical Investigations—(CI); Correspondence—(CO); Editorial Views—(EV); Laboratory Reports—(LR); Original Article—(OA); Review Article—(RA); Medical Intelligence—(MI); Special Article—(SA); Reports of Scientific Meetings—(SM).

A

Acetylcholine, See under Parasympathetic nervous system

Acetylcholine receptors, See under Receptors

Acid-base equilibrium

acidosis

metabolic

enhancement of hypoxic pulmonary vasoconstriction by (LI) [Lejeune, Brimioulle, Leeman, Hallemans, Melot & Naeije], 256

metabolic

and muscle relaxants (CI) [Ono, Nagano, Ohta & Kosaka], 710

respiratory

and muscle relaxants (CI) [Ono, Nagano, Ohta & Kosaka], 710

respiratory acidosis

and right ventricular response to hypercarbia after cardiac surgery (CI) [Viitanen, Salmenperä & Heinonen], 393

respiratory alkalosis

and right ventricular response to hypercarbia after cardiac surgery (CI) [Viitanen, Salmenperä & Heinonen], 393

Acidosis, See under Acid-base equilibrium

Acidosis, respiratory, See under Acid-base equilibrium

Acquired immune deficiency, See under Complications; Infection

Adaptive feedback control, See under Pharmacokinetics

Adductor pollicis, See under Muscle

Adenosine, See under Anesthetic techniques; Pharmacology

Adrenergic receptors, See under Receptors

Adult respiratory distress syndrome (ARDS), See under Lung(s)

Aequorin, See under Protein(s), bioluminescent

Aerosols

characteristics of, are affected by endotracheal tube actuator/adaptor used (LI) [Bishop, Larson & Buschman], 1263

Age factors

elderly

cognitive sequelae of anesthesia in (CI) [Nielson, Gelb, Casey, Penny, Merchant & Manninen], 1103

toxicity

central nervous system

of bupivacaine, and effect of volatile anesthetics on (LI) [Badgwell, Heavner & Kyta], 297

heart

of bupivacaine, and effect of volatile anesthetics on (LI) [Badgwell, Heavner & Kyta], 297

AIDS, See under Complications; Infection

Air embolism, See under Embolism

Airway

larynx

respiratory responses of, to tracheal irritation (CI) [Nishino, Hiraga & Yokokawa], 46

obstruction

acute upper, due to arterial puncture during percutaneous central venous cannulation (CR) [O'Leary], 780

in dwarfism (MI) [Berkowitz, Raja, Bender & Kopits], 739

in lungs from asthmatic donor, complicating heart-lung transplantation (CR) [Ghosh, Latimer & Tew], 1270

prevertebral soft tissue swelling

during halo-traction placement for cervical spine injury (CR) [Meaken, Meakem & Rappaport], 775

trachea

agenesis of, resuscitative management in (CR) [McDonald & Oriol], 1279

aspiration of muconium from, in neonates (CO) [Oriol], 1294

irritation of, during enflurane anesthesia, laryngeal responses to (CI) [Nishino, Hiraga & Yokokawa], 46

tracheal

anesthetic implications of relapsing polychondritis in (CR) [Burgess, Whitlock, Davis & Patane], 570

Airway reactivity, See under Allergy

Airway reflex, See under Reflexes

Aldosterone, See under Hormones

Alfentanil, See under Analgesics; Anesthetics, intravenous; Interactions (drug); Pharmacokinetics

Alkalosis, respiratory, See under Acid-base equilibrium

Allergy

airway reactivity

in methacholine use during β -adrenergic blockade (LI) [Tobias, Sauder & Hirshman], 132

anaphylaxis

ethylene oxide

during surgery for spina bifida (CR) [Moneret-Vautrin, Laxenaire & Bavoux], 556

IgE-mediated

during surgery for spina bifida (CR) [Moneret-Vautrin, Laxenaire & Bavoux], 556

latex

during surgery for spina bifida (CR) [Moneret-Vautrin, Laxenaire & Bavoux], 556

protamine

immunoreactivity of, used to reverse heparin anticoagulation (LR) [Adourian, Hirshman, Adkinson & Weiss], 328

surgical gloves

during surgery for spina bifida (CR) [Moneret-Vautrin, Laxenaire & Bavoux], 556

asthma

in methacholine use during β -adrenergic blockade (LI) [Tobias, Sauder & Hirshman], 132

bronchoconstriction

in methacholine use during β -adrenergic blockade (LI) [Tobias, Sauder & Hirshman], 132

Alpha-2 receptor agonists, See under Sympathetic nervous system

A₂-adrenoceptor agonists, See under Premedication; Sympathetic nervous system

Alpha-adrenergic agonists, See under Sympathetic nervous system

American Board of Anesthesiology, See under Organizations

American Society of Anesthesiologists, See under Organizations

Amino acids, See under Metabolism

Analgesia

measurements

in study of pharmacology of intrathecal adrenergic agonists (LI) [Nagasaka & Yaksh], 1198

postoperative

an interaction between epidural morphine and clonidine (CI) [Motsch, Gräber & Ludwig], 1067

spinal

mechanism by which midazolam causes (LI) [Edwards, Serrao, Gent & Goodchild], 273

Analgesics

abuse

and evolving legal context for drug testing programs (SA) [Scott & Fisher], 1022

alfentanil

computer-driven infusion system for, pharmacokinetics for (CI) [Raemer, Buschman, Varvel, Philip, Johnson, Stein & Shafer], 66

does opioid "anesthesia" exist? (EV) [Hug], 1

clonidine

subarachnoid, and spinal cord blood flow (LI) [[Crosby, Russo, Szabo & Davies], 1179

epidural

morphine

as cause of vertical nystagmus (CR) [Fish & Rosen], 785
chronic catheterization using, infection during (CI) [DuPen, Peterson, Williams & Bogosian], 905
opioid infusion: an unusual problem (CR) [Kreitzman & Samuels], 1272

fentanyl

does opioid "anesthesia" exist? (EV) [Hug], 1

intrathecal

fentanyl

effect of epinephrine on, in patients undergoing postpartum tubal ligation (CI) [Malinow, Mokriski, Nomura, Kaufman], 381

morphine

does opioid "anesthesia" exist? (EV) [Hug], 1

narcotic

butorphanol

chloroprocaine antagonism of (CI) [Camann, Hartigan, Gilbertson, Johnson & Datta], 860

fentanyl

chloroprocaine antagonism of (CI) [Camann, Hartigan, Gilbertson, Johnson & Datta], 860
hypoxemia and apnea after sedation with (CI) [Bailey, Pace, Ashburn, Moll, East & Stanley], 826

meperidine

distribution into breast milk (CI) [Wittels, Scott & Sinatra], 864

morphine

distribution into breast milk (CI) [Wittels, Scott & Sinatra], 864

opioid

alfentanil

meningeal permeability of, in dogs and monkeys (LI) [Bernards & Hill], 1214

efficacy

and mechanistic insights into opioid tolerance (EV) [Gebhart], 1065

and spinal cross-tolerance between opioid agonists (LI) [Sosnowski & Yaksh], 1141

epidural infusion of: an unusual problem (CR) [Kreitzman & Samuels], 1272

fentanyl

epidural, neonatal breathing and (CI) [Benlabed, Dreizzen, Ecoffey, Escourrou, Migdal & Gaultier], 1110
and medetomidine, antinociceptive interaction between (LI) [Ossipov, Harris, Lloyd, Messineo, Lin & Bagley], 1227
tolerance and dependence in neonates sedated with (CI) [Arnold, Truog, Orav, Scavone & Hershenon], 1136

meperidine

and medetomidine, antinociceptive interaction between (LI) [Ossipov, Harris, Lloyd, Messineo, Lin & Bagley], 1227

morphine

following cesarean section, herpes labialis in parturients receiving (CI) [Crone, Conly, Storgard, Zbitnew, Cronk, Rea, Greer, Berenbaum, Tan & To], 208

and mechanistic insights into opioid tolerance (EV) [Gebhart], 1065

and medetomidine, antinociceptive interaction between (LI) [Ossipov, Harris, Lloyd, Messineo, Lin & Bagley], 1227

meningeal permeability of, in dogs and monkeys (LI) [Bernards & Hill], 1214

postoperative analgesia from, addition of clonidine enhances (CI) [Motsch, Gräber & Ludwig], 1067

and sufentanil, differential cross-tolerance between (LI) [Sosnowski & Yaksh], 1141

naltrexone

does opioid "anesthesia" exist? (EV) [Hug], 1

preparation of oral solution of (CO) [Abboud], 190

sufentanil

and mechanistic insights into opioid tolerance (EV) [Gebhart], 1065

and morphine, differential cross-tolerance between (LI) [Sosnowski & Yaksh], 1141

tolerance

between intrathecal morphine and sufentanil in rat (LI) [Sosnowski & Yaksh], 1141

mechanistic insights into (EV) [Gebhart], 1065

postoperative

chloroprocaine antagonism of (CI) [Camann, Hartigan, Gilbertson, Johnson & Datta], 860

sufentanil

does opioid "anesthesia" exist? (EV) [Hug], 1

Anaphylaxis, *See under* Allergy

Anatomy

brachial plexus

nerve injury associated with anesthesia (CI) [Kroll, Caplan, Posner, Ward & Cheney], 202

ovary

hyperstimulation of, anesthetic considerations for (CR) [Reed, Tausk & Reynolds], 1275

pelvis

pain in cancer of, superior hypogastric plexus block for (CI) [Plancarte, Amescua, Patt & Aldrete], 236

spine

injury

airway obstruction, during placement of halo-traction for (CR) [Meaken, Meakem & Rappaport], 775
prevertebral soft tissue swelling, during placement of halo-traction for (CR) [Meaken, Meakem & Rappaport], 775

uterus

contractility

and retained placenta, intravenous nitroglycerin aids manual extraction of (CO) [DeSimone, Norris & Leighton], 787

Anesthesia**cardiac**

- in dwarfs (MI) [Berkowitz, Raja, Bender & Kopits], 739
- and fentanyl and sufentanil anesthesia: how much is enough? (CI) [Philbin, Rosow, Schneider, Koski & D'Ambra], 5
- hemoglobin saturation during jugular vein cannulation in patient with arteriovenous hemodialysis fistula (CR) [Yee & Despotis], 184
- in open heart surgery, high-dose aprotinin in (CI) [Dietrich, Spannagl, Jochum, Wendt, Schramm, Barankay, Sebening & Richter], 1119
- perioperative ECG ischemia detection during (CI) [Slogoff, Keats, David & Igo], 1074
- relationship of regional wall motion abnormalities to hemodynamics in (CI) [Leung, O'Kelly, Mangano & S.P.I. Research Group], 802

cardiovascular

- in congenital heart defect, intramyocardial air causes right ventricular dysfunction after repair of (CR) [Greeley, Kern, Ungerleider & Kisslo], 1042

- does opioid "anesthesia" exist? (EV) [Hug], 1

complications

- with abdominal surgery leads to intense REM sleep (CI) [Knill, Moote, Skinner & Rose], 52
- hypoxemia in postanesthesia care unit (CI) [Moller, Wittrop & Johansen], 890

computer-assisted

- pharmacokinetics of fentanyl administered by way of (CI) [Shafer, Varvel, Aziz & Scott], 1091

depth**awareness**

- is ambiguous and confusing word in anesthesia literature on memory (CO) [Ghoneim & Block], 193

general

- early reports of pulmonary aspiration during (CO) [Coté], 793
- early reports of pulmonary aspiration during (CO) [Maltby], 792
- intravenous, is *not* intravenous sedation (CO) [Furman & Smith], 1056
- intravenous, is *not* intravenous sedation (CO) [Klein & Kunichika], 1055
- safety of, in patients previously tested negative for malignant hyperthermia susceptibility (CO) [Ghouri & Feinstein], 581
- safety of, in patients previously tested negative for malignant hyperthermia susceptibility (CO) [Rosenberg], 582
- halothane alters O₂ delivery-consumption relationship (LI) [Rock, Beattie, Kimball, Nyhan, Chen, Fehr, Derrer, Parker & Murray], 1186

induction

- in dwarfs (MI) [Berkowitz, Raja, Bender & Kopits], 739

inhalational

- in dwarfs (MI) [Berkowitz, Raja, Bender & Kopits], 739
- for laparoscopic cholecystectomy (CR) [Marco, Yeo & Rock], 1268
- making oral midazolam palatable for children (CO) [Peterson], 1053

neuroanesthesia

- influence of, on cerebral plasma volume (LI) [Weeks, Todd, Warner & Katz], 461

neurosurgical

- for craniotomy (CI) [From, Warner, Todd & Sokoll], 896
- in dwarfs (MI) [Berkowitz, Raja, Bender & Kopits], 739
- effects of propofol on cerebral blood flow during (CI) [Pinaud, Lelassque, Chetanneau, Fauchoux, Ménégalli & Souron], 404

obstetric

- air detects intravenous location of epidural catheters in (CI) [Leighton, Norris, DeSimone, Rosko & Gross], 610

cesarean section

- epidural clonidine analgesia after (CI) [Mendez, Eisenach & Kashtan], 848
- epidural insertion for, knotting of Theracath® following (CO) [Fibuch, McNitt & Cussen], 1293
- epidural insertion for, knotting of Theracath® following (CO) [McGregor], 1293
- herpes labialis in parturients receiving epidural morphine following (CI) [Crone, Conly, Storgard, Zbitnew, Cronk, Rea, Greer, Berenbaum, Tan & To], 208
- neonatal breathing after, with or without epidural fentanyl (CI) [Benlabeled, Dreizen, Ecoffey, Escourrou, Migdal & Gaultier], 1110
- propofol during (CO) [Gin, Yau & Gregory], 789
- exogenous opioids in human breast milk and acute neonatal neurobehavior (CI) [Wittels, Scott & Sinatra], 864

hydramnios

- in latent myotonic dystrophy (CO) [Harioka, Sone & Kaku-yama], 578

labor

- patient-controlled epidural anesthesia during, may be hazardous (CO) [Eisenach], 790
- patient-controlled epidural anesthesia during, may be hazardous (CO) [Lurie], 789
- markers to avoid intravascular injection of (CO) [Leighton, Norris, & Gross], 577
- markers to avoid intravascular injection of (CO) [Moore], 576

placenta

- retained, intravenous nitroglycerin aids manual extraction of (CO) [DeSimone, Norris & Leighton], 787

orthopedic

- liquid nitrogen instillation in, can cause venous gas embolism (CR) [Dwyer, Thorne, Healey & Bedford], 179

outcome, See under Outcome**outpatient**

- oral midazolam preanesthetic medication in (CI) [Feld, Negus & White], 831

- for patient with Kufs' disease (CR) [Defalque], 1041

pediatric**congenital anomalies**

- tracheal agenesis as, resuscitative management in (CR) [McDonald & Oriol], 1279
- in congenital heart defect, intramyocardial air causes right ventricular dysfunction after repair of (CR) [Greeley, Kern, Ungerleider & Kisslo], 1042
- double-burst stimulation to assess neuromuscular blockade in (CI) [Saddler, Bevan, Donati, Bevan & Pinto], 401
- in dwarfs (MI) [Berkowitz, Raja, Bender & Kopits], 739

fetus

- developmental changes in effects of halothane and isoflurane on contractile properties of (LI) [Murat, Hoerter & Ventura-Clapier], 137
- fiberoptically guided intubation in, in gangrenous stomatitis (nova) (CR) [Tassonyi, Lehmann, Gunning, Coquoz & Montandon], 348
- functional residual capacity in (CI) [Thorsteinsson, Jonmarker, Larsson, Vilstrup & Werner], 876

hyperexplexia

- anesthetic complications in infant with (CR) [Doolittle & Greiner], 181

infant(s)

- complications during spinal anesthesia in: high spinal blockade (CR) [Wright, Orr, Haberkern & Walbergh], 1290
- with hyperexplexia, anesthetic complications in (CR) [Doolittle & Greiner], 181

intravenous, is *not* intravenous sedation (CO) [Furman & Smith], 1056

intravenous, is *not* intravenous sedation (CO) [Klein & Kunichika], 1055

neonatal

swine, minimum alveolar concentration (MAC) and hemodynamic effects of halothane, isoflurane, and sevoflurane in (CI) [Lerman, Oyston, Gallagher, Miyasaka, Volgyesi & Burrows], 717

neonates

developmental changes in effects of halothane and isoflurane on contractile properties of (LI) [Murat, Hoerter & Ventura-Clapier], 137

perioperative stress in, in cardiac surgery (CI) [Anand, Hansen & Hickey], 661

sedated with fentanyl, tolerance and dependence in (CI) [Arnold, Truog, Orav, Scavone & Hershenon], 1136

neonatology

and exogenous opioids in human breast milk and acute neonatal neurobehavior (CI) [Wittels, Scott & Sinatra], 864

newborn

breathing patterns of, after cesarean section with or without epidural fentanyl (CI) [Benlabed, Dreizzen, Ecoffey, Escourrou, Migdal & Gaultier], 1110

oral midazolam preanesthetic medication in (CI) [Feld, Negus & White], 831

pharmacokinetics and pharmacodynamics of atracurium in (CI) [Fisher, Canfell, Spellman & Miller], 33

prematurity

in former premature infants, life-threatening apnea following spinal anesthesia (CR) [Cox & Goresky], 345

profound hypothermic circulatory arrest during, anterior fontanel pressure and visual evoked potentials in (CI) [Burrows, Hillier, McLeod, Iron & Taylor], 632

safety of, for patients with anterior mediastinal masses (CO) [Ferrari & Bedford], 1061

safety of, for patients with anterior mediastinal masses (CO) [Tinker & Crane], 1060

safety of, for patients with anterior mediastinal masses (CO) [Zornow & Benumof], 1061

potency of, *See under* Potency, anesthetic

regional

in dwarfs (MI) [Berkowitz, Raja, Bender & Kopits], 739

hypoxemia in postanesthesia care unit (CI) [Moller, Wittrop & Johansen], 890

in relapsing polycondritis (CR) [Burgess, Whitlock, Davis & Patane], 570

risk factors

hypoxemia in postanesthesia care unit (CI) [Moller, Wittrop & Johansen], 890

for severe ovarian hyperstimulation syndrome (CR) [Reed, Tausk & Reynolds], 1275

sites of anesthetic action

of volatile anesthetics, and myocardial contractile proteins (LI) [Murat, Lechene & Ventura-Clapier], 73

thoracic

technique for replacing endobronchial double-lumen tube with endotracheal single-lumen tube in (CR) [Gatell, Barst, Desiderio, Kolker & Scher], 340

time

physician payment reform (SA) [Revicki, Orkin, Luce, McMenamin & Weschler], 760

in ulnar nerve injury (CO) [Alexander], B3

in ulnar nerve injury (CO) [Cheney], B3

Anesthesia literature, *See under* Publications

Anesthesia machine, *See under* Equipment

Anesthesiologists

an issue of supervision (CO) [Eichhorn], 192

an issue of supervision (CO) [Gunn], 192

human factors affecting, in operating room environment (MI) [Weinger & England], 995

Anesthesiology

as case study: physician payment reform (SA) [Revicki, Orkin, Luce, McMenamin & Weschler], 760

diagnosis-related groups

physician payment reform (SA) [Revicki, Orkin, Luce, McMenamin & Weschler], 760

Resource-based Relative Value Scale and (EV) [Cullen], 593

services

physician payment reform (SA) [Revicki, Orkin, Luce, McMenamin & Weschler], 760

Anesthetic techniques

axillary block

Doppler-guided, in burn patients (CO) [Kestenbaum, Steuer & Marano], 586

balanced

does opioid "anesthesia" exist? (EV) [Hug], 1

blind nasal intubation

bloodless turbinectomy following: faulty technique? (CO) [Cooper], 1057

bloodless turbinectomy following: faulty technique? (CO) [Moore], 1057

brachial plexus block

cardiovascular depression after, in two patients with renal failure (CR) [Lucas & Tseuda], 1032

bronchoscopy

in tracheal compression caused by false aneurysm in ascending aorta (CR) [Nishiwaki, Komatsu, Shimada, Takeuchi & Abe], 1047

caudal

bupivacaine in, thermoregulatory threshold in infants and children anesthetized with (CI) [Bissonnette & Sessler], 1114

computer-assisted intravenous infusion

for alfentanil, pharmacokinetics of (CI) [Raemer, Buschman, Varvel, Philip, Johnson, Stein & Shafer], 66

and contact with body fluids (CI) [Kristensen, Sloth & Jensen], 619

continuous infusion

intravenous

of fentanyl: assessment of accuracy (CI) [Glass, Jacobs, Smith, Ginsberg, Quill, Bai & Reves], 1082

endobronchial intubation

technique for replacing, with endotracheal single-lumen tube (CR) [Gatell, Barst, Desiderio, Kolker & Scher], 340

epidural

and aspirin (CO) [Camann], 359

and aspirin (CO) [O'Sullivan], 359

to avoid intravascular injection of local anesthetic in obstetric patient (CO) [Leighton, Norris, & Gross], 577

benefits of, in hemorrhagic shock questioning of (CO) [Jordan & Dickstein], 360

benefits of, in hemorrhagic shock questioning of (CO) [Shibata, Yamamoto & Murakami], 361

bupivacaine suppresses glucose utilization in spinal cord (LI) [Kuroda, Sakabe, Nakakimura, Oshita, Maekawa, Ishikawa & Takeshita], 944

for cesarean section, knotting of Theracath® following (CO) [Fibuch, McNitt & Cussen], 1293

for cesarean section, knotting of Theracath® following (CO) [McGregor], 1293

- clonidine added to lidocaine solution for (CI) [Nishikawa & Dohi], 853
- clonidine analgesia after cesarean section (CI) [Mendez, Eisenach & Kashtan], 848
- complications**
- infection during chronic catheterization (CI) [DuPen, Peterson, Williams & Bogosian], 905
- continuous**
- air detects intravenous location of catheters for (CI) [Leighton, Norris, DeSimone, Rosko & Gross], 610
 - endogenous vasopressin supports blood pressure and prevents severe hypotension during (CI) [Peters, Schlaghecke, Thouet & Arndt], 694
- epidural blood patch**
- early prophylactic, total spinal anesthesia following (CR) [Leivers], 1287
 - in HIV-positive patient (CO) [Frame & Lichtmann], 1297
 - fentanyl and saline, effects of (CO) [Kao, Zavisco & Norton], 791
 - fentanyl and saline, effects of (CO) [Silbert & Hore], 792
 - fentanyl in, neonatal breathing and (CI) [Benlabeled, Dreizen, Ecoffey, Escourrou, Migdal & Gaultier], 1110
 - microbial colonization of catheters for, chlorhexidine dressing to reduce (CI) [Shapiro, Bond & Garman], 625
 - morphine, following cesarean section, herpes labialis in parturients receiving (CI) [Crone, Conly, Storgard, Zbitnew, Cronk, Rea, Greer, Berenbaum, Tan & To], 208
 - n-butyl p-aminobenzoate for, in dog (LI) [Korsten, Hellebrekers, Grouls, Ackerman, vanZundert, vanHerpen & Gruys], 491
 - opioid analgesia, chloroprocaine antagonism of (CI) [Camann, Hartigan, Gilbertson, Johnson & Datta], 860
- patient-controlled**
- during labor, may be hazardous (CO) [Eisenach], 790
 - during labor, may be hazardous (CO) [Lurie], 789
 - phenol-containing ranitidine preparation in (CR) [McGuinness & Cantes], 553
 - pneumoencephalos after inadvertent intrathecal air injection during (CR) [Katz, Markovits & Rosenberg], 1277
 - postoperative analgesia from, addition of clonidine enhances (CI) [Motsch, Gräber & Ludwig], 1067
 - sudden cardiac arrest during (CO) [Gild & Crilley], 1296
- sympathetic blockade**
- regional skin temperatures with (CI) [Hopf, Weisbach & Peters], 882
- test dose**
- to avoid intravascular injection of local anesthetic in obstetric patient (CO) [Moore], 576
 - caution that preservative-free is not antioxidant-free (CO) [De Vera], 195
 - optimal epinephrine content and (CI) [Guinard, Mulroy, Carpenter & Knopes], 386

gases

nitrogen

dilution of helium with, endotracheal tube flammability and (LI) [Simpson, Schiff & Wolf], 538

nitrous oxide

abuse presenting as premature exhaustion of Sodasorb (CO) [Yudenfreund-Sujka], 580

anesthetic sparing by (LI) [Cole, Kalichman, Shapiro & Drummond], 93

and barbiturate protection (CI) [Warner, Zhou, Ramani, Todd & McAllister], 686

cerebrovascular and cerebral metabolic effects of, in unrestrained rats (LI) [Baughman, Hoffman, Miletich & Albrecht], 269

dilution of helium with, endotracheal tube flammability and (LI) [Simpson, Schiff & Wolf], 538

direct effects of, on isolated heart (LI) [Stowe, Monroe, Marijic, Rooney, Bosnjak & Kampine], 1220

disruption of folate and vitamin B₁₂ metabolism in aged rats following (LI) [Koblin, Tomerson & Waldman], 506

effects of, on myocardial contractility (LI) [Pagel, Kampine, Schmeling & Wartier], 1148

effects on myocardium (LI) [Lawson, Frazer & Lynch], 930

percutaneous recording of muscle nerve sympathetic activity during, in humans (CI) [Sellgren, Pontén & Wallin], 20

in study of ganglionic blockade, cerebral ischemia, and catecholamines (LI) [Werner, Hoffman, Thomas, Miletich & Albrecht], 923

intravenous

alfentanil

computer-driven infusion system for, pharmacokinetics for (CI) [Raemer, Buschman, Varvel, Philip, Johnson, Stein & Shafer], 66

for craniotomy: in double-blind comparison (CI) [From, Warner, Todd & Sokoll], 896

does opioid "anesthesia" exist? (EV) [Hug], 1

prolonged effect of, following erythromycin administration (CR) [Bartkowski & McDonnell], 566

barbiturates

pentobarbital, influence of, on cerebral plasma volume (LI) [Weeks, Todd, Warner & Katz], 461

drug concentration

pocket calculator to predict, from pharmacokinetic data (LR) [Maitre & Shafer], 332

fentanyl

administered by computer-controlled infusion pump, pharmacokinetics of (CI) [Shafer, Varvel, Aziz & Scott], 1091

anesthesia with: how much is enough? (CI) [Philbin, Rosow, Schneider, Koski & D'Ambra], 5

for craniotomy: in double-blind comparison (CI) [From, Warner, Todd & Sokoll], 896

epidural, and epidural saline, effects of (CO) [Kao, Zavisco & Norton], 791

epidural, and epidural saline, effects of (CO) [Silbert & Hore], 792

feedback control of methohexital administration during (CI) [Schwilden & Stoessel], 225

does opioid "anesthesia" exist? (EV) [Hug], 1

pharmacokinetic model-driven infusion of (CI) [Glass, Jacobs, Smith, Ginsberg, Quill, Bai & Reves], 1082

and pulmonary reactivity to methacholine during β -adrenergic blockade (LI) [Tobias, Sauder & Hirshman], 132

ketamine

effects of, on diseased myocardium (CI) [Riou, Viars & Lecarpentier], 910

effects of, on systemic and splanchnic hemodynamics in cirrhotic rats (LI) [Debaene, Goldfarb, Brailon, Jolis & Lebreux], 118

intravenous, is *not* intravenous sedation (CO) [Furman & Smith], 1056

intravenous, is *not* intravenous sedation (CO) [Klein & Kunitchika], 1055

methohexital

feedback control of administration of (CI) [Schwilden & Stoessel], 225

morphine

does opioid "anesthesia" exist? (EV) [Hug], 1

opioid

does opioid "anesthesia" exist? (EV) [Hug], 1

propofol

during cesarean section (CO) [Gin, Yau & Geogory], 789

effects of, cerebral blood flow in brain trauma (CI) [Pinaud, Lelausque, Chetanneau, Fauchoux, Ménégalli & Souron], 404

effects on regional brain metabolism (LI) [Dam, Ori, Pizzolato, Ricchieri, Pellegrini, Giron & Battistin], 499

intraarterial injection of (CR) [Holley & Cuthrell], 183

long-term infusion of, pharmacokinetics of, for sedation in ICU patients (CI) [Albanese, Martin, Lacarelle, Saux, Durand & Gouin], 214

particulate contamination of intact glass ampule (CO) [Finkelstein, Lokhandwala & Pandey], 362

particulate contamination of intact glass ampule (CO) [Goodale, Hopkins & Cardner], 363

percutaneous recording of muscle nerve sympathetic activity during, in humans (CI) [Sellgren, Pontén & Wallin], 20

sufentanil

anesthesia with: how much is enough? (CI) [Philbin, Rosow, Schneider, Koski & D'Ambra], 5

for craniotomy: in double-blind comparison (CI) [From, Warner, Todd & Sokoll], 896

effects on human cerebral blood flow (CI) [Mayer, Weinstabl, Podreka & Spiss], 240

does opioid "anesthesia" exist? (EV) [Hug], 1

thiopental

and pulmonary reactivity to methacholine during β -adrenergic blockade (LI) [Tobias, Sauder & Hirshman], 132

requirements, effects of dexmedetomidine on (CI) [Aantaa, Kanto, Scheinin, Kallio & Scheinin], 230

local

antioxidants

free is not preservative-free (CO) [De Vera], 195

bupivacaine

cardiovascular depression after, in two patients with renal failure (CR) [Lucas & Tseuda], 1032

effects of, on coronary arteries and arterioles in coronary artery disease (CI) [Blomberg, Emanuelsson, Kvist, Lamm, Pontén, Waagstein & Ricksten], 840

for epidural block, inadvertent air injection during, pneumocephalus after (CR) [Katz, Markovits & Rosenberg], 1277

and isoflurane, thermoregulatory threshold in infants and children anesthetized with (CI) [Bissonnette & Sessler], 1114

neonatal patterns of breathing after cesarean section with (CI) [Benlabeled, Dreizen, Ecoffey, Escourrou, Migdal & Gaultier], 1110

regional skin temperatures with (CI) [Hopf, Weisbach & Peters], 882

suppresses glucose utilization in spinal cord (LI) [Kuroda, Sakabe, Nakakimura, Oshita, Maekawa, Ishikawa & Takeshita], 944

- toxic effects in young pigs is age-dependent and is affected by volatile anesthetics (LI) [Badgwell, Heavner & Kytta], 297
- chloroprocaine**
in study of antagonism of epidural opioid analgesia (CI) [Cammann, Hartigan, Gilbertson, Johnson & Datta], 860
- cocaine**
drug interactions (RA) [Fleming, Byck & Barash], 518
illicit use (RA) [Fleming, Byck & Barash], 518
pharmacology and therapeutic applications of (RA) [Fleming, Byck & Barash], 518
topical anesthesia with (RA) [Fleming, Byck & Barash], 518
toxic reaction to (RA) [Fleming, Byck & Barash], 518
- lidocaine**
cardiovascular depression after, in two patients with renal failure (CR) [Lucas & Tseuda], 1032
clonidine added to, for epidural anesthesia (CI) [Nishikawa & Dohi], 853
in study of antagonism of epidural opioid analgesia (CI) [Cammann, Hartigan, Gilbertson, Johnson & Datta], 860
- n-butyl p-aminobenzoate**
long-lasting epidural sensory blockade by, in dog (LI) [Korsten, Hellebrekers, Grouls, Ackerman, vanZundert, vanHerpen & Gruys], 491
- phenol**
ranitidine preparation containing, epidural injection of (CR) [McGuinness & Cantees], 553
and post-dural puncture headaches (CO) [Culling], 587
and post-dural puncture headaches (CO) [Naulty], 587
- preservatives**
free is not antioxidant-free (CO) [De Vera], 195
- tetracaine**
complications associated with: high spinal blockade (CR) [Wright, Orr, Haberkern & Walbergh], 1290
- opioid**
somato-sympathoadrenal reflex response to, in halothane-anesthetized cats (LI) [Gaumann, Yaksh & Tyce], 425
- pediatric**
bupivacaine
toxic effects in young pigs is age-dependent and is affected by volatile anesthetics (LI) [Badgwell, Heavner & Kytta], 297
- volatile**
desflurane
cerebral functional, metabolic, and hemodynamic effects of, in dogs (LI) Lutz, Milde & Milde], 125
- enflurane**
effects of, on mechanical properties of rat cardiac skinned fibers (LI) [Murat, Lechene & Ventura-Clapier], 73
effects on left ventricular relaxation in swine (LI) [Humphrey, Stinson, Humphrey, Finney, Zeller, Judd & Blanck], 731
laryngeal responses to tracheal irritation during (CI) [Nishino, Hiraga & Yokokawa], 46
nonlinear potency of sub-MAC concentrations of nitrous oxide in decreasing anesthetic requirement of (LI) [Cole, Kalichman, Shapiro & Drummond], 93
requirements for anesthesia, does cardiopulmonary bypass alter? (LI) [Hall & Sullivan], 249
and splanchnic blood flow in cirrhotic rats (LI) [Debaene, Goldfarb, Braillon, Jolis & Lebrech], 118
in study of hypoxic pulmonary vasoconstriction and endothelium-derived relaxing factor (LI) [Marshall & Marshall], 441
- filling device**
agent-specific, failure of (CO) [Ferstandig], 354
agent-specific, failure of (CO) [Riegle & Desertspring], 353
- halothane**
absence of abundant binding sites for, in rabbit brain (LI) [Lockhart, Cohen, Yasuda, Kim, Litt, Eger, Chang & James], 455
adenosine decreases MAC of (LI) [Seitz, terRiet, Rush & Merrell], 990
alterations in brain electrical activity during (LI) [Kochs, Hoffman, Roewer & Schulte am Esch], 1236
alters phospholipid transmethylation in rat brain synaptosomes (LI) [Franks, Sastry, Surber & England], 984
attenuates coronary artery constriction evoked by serotonin (LI) [Witzeling, Sill, Hughes, Blaise, Nugent & Rorie], 100
bupivacaine toxicity in young pigs is affected by (LI) [Badgwell, Heavner & Kytta], 297
cardioprotection by (LI) [Marijic, Stowe, Turner, Kampine & Bosnjak], 976
in comparative study of effects on coronary arteries isolated from dogs (LI) [Hatano, Nakamura, Yakushiji, Nishiwada & Mori], 513
cooling contractures of skinned mammalian muscle fibers (LI) [Sudo, Zapata-Sudo & Suarez-Kurtz], 958
decreases neuropeptide Y release (LI) [Rorie, Hunter & Lunn], 722
effect of, on postischemic "stunned" myocardium (LI) [Belo & Mazer], 1243
effects of, on contractile properties of rabbit cardiac skinned fibers (LI) [Murat, Hoerter & Ventura-Clapier], 137
effects of, on mechanical properties of rat cardiac skinned fibers (LI) [Murat, Lechene & Ventura-Clapier], 73
effects of succinylcholine on postischemic brain in halothane-anesthetized dogs (LI) [Lanier, Iazzo & Milde], 485
effects on left ventricular relaxation in swine (LI) [Humphrey, Stinson, Humphrey, Finney, Zeller, Judd & Blanck], 731
hepatotoxicity, binding intermediates in (LI) [Lind, Gandolfi & Hall], 1208
and indices of myocardial contractility (LI) [Pagel, Kampine, Schmeling & Warltier], 278
influence of, on cerebral plasma volume (LI) [Weeks, Todd, Warner & Katz], 461
inhibition of reflex venoconstriction by (LI) [Stekiel, Dzono, McCallum, Bosnjak, Stekiel & Kampine], 1169
minimum alveolar concentration (MAC) and hemodynamic effects of, in newborn swine (CI) [Lerman, Oyston, Gallagher, Miyasaka, Volgyesi & Burrows], 717
nonlinear potency of sub-MAC concentrations of nitrous oxide in decreasing anesthetic requirement of (LI) [Cole, Kalichman, Shapiro & Drummond], 93
and Purkinje fiber repolarization (LI) [Turner, Marijic, Kampine & Bosnjak], 1158
and splanchnic blood flow in cirrhotic rats (LI) [Debaene, Goldfarb, Braillon, Jolis & Lebrech], 118
in study of effects of nitrous oxide on myocardium (LI) [Lawson, Frazer & Lynch], 930
in study of hypoxic pulmonary vasoconstriction and endothelium-derived relaxing factor (LI) [Marshall & Marshall], 441
transient hyperglycemia and brain glucose in rats anesthetized with (LI) [Weglinski & Lanier], 291
- I-653**
cerebral functional, metabolic, and hemodynamic effects of, in dogs (LI) Lutz, Milde & Milde], 125

cardiovascular physiology**anesthetic effects**

of desflurane in dogs (LI) Lutz, Milde & Milde], 125

circulatory arrest**profound**

anterior fontanel pressure and visual evoked potentials in neonates undergoing (CI) [Burrows, Hillier, McLeod, Iron & Taylor], 632

complete heart block

guide wire as cause of, in preexisting left bundle branch block (CR) [Eissa & Kvetan], 772

congenital heart disease

anesthesia in, functional residual capacity in (CI) [Thorsteinsson, Jonmarker, Larsson, Vilstrup & Werner], 876

profound hypothermic circulatory arrest in, assessments during (CI) [Burrows, Hillier, McLeod, Iron & Taylor], 632

contractile proteins

developmental changes in effects of halothane and isoflurane on (LI) [Murat, Hoerter & Ventura-Clapier], 137

volatile anesthetics and (LI) [Murat, Lechene & Ventura-Clapier], 73

contractility

anesthetics and indices of (LI) [Pagel, Kampine, Schmeling & Warltier], 278

and cardiac function in sepsis (CI) [Gomez, Wang, Unruh, Light, Bose, Chau, Correa & Mink], 671

in diseased myocardium, effects of ketamine on (CI) [Riou, Viars & Lecarpentier], 910

effects of dexmedetomidine on (LI) [Houssmans], 919

nitrous oxide effects on (LI) [Lawson, Frazer & Lynch], 930

coronary artery disease

and relationship of regional wall abnormalities to hemodynamics (CI) [Leung, O'Kelly, Mangano & S.P.I. Research Group], 802

coronary disease

in dwarfs (MI) [Berkowitz, Raja, Bender & Kopits], 739

coronary flow

direct effects of nitrous oxide on (LI) [Stowe, Monroe, Marijic, Rooney, Bosnjak & Kampine], 1220

coronary vasodilation

inhalation anesthetic-induced, halothane and isoflurane in study of (LI) [Hatano, Nakamura, Yakushiji, Nishiwada & Mori], 513

cross-bridges

volatile anesthetics and (LI) [Murat, Lechene & Ventura-Clapier], 73

diastolic left ventricular function

volatile anesthetic effects on, in swine (LI) [Humphrey, Stinson, Humphrey, Finney, Zeller, Judd & Blanck], 731

diseases

in dwarfs (MI) [Berkowitz, Raja, Bender & Kopits], 739

dysrhythmias

comparative effects of esmolol and verapamil on (LI) [Tuman, McCarthy, Wong, Labarge, Spiess & Ivankovich], 467

ejection fraction

estimate of, linear regression in, is a poor descriptor of accuracy (CO) [Gorback], 793

estimate of, linear regression in, is a poor descriptor of accuracy (CO) [Urbanowicz, Cohen & Matthay], 795

electrophysiology

direct effects of nitrous oxide on (LI) [Stowe, Monroe, Marijic, Rooney, Bosnjak & Kampine], 1220

protective effects of halothane and isoflurane and (LI) [Marijic, Stowe, Turner, Kampine & Bosnjak], 976

endotoxin

and cardiac function in sepsis (CI) [Gomez, Wang, Unruh, Light, Bose, Chau, Correa & Mink], 671

end-systolic pressure-length relationship

and myocardial contractility, effects of halothane and isoflurane on (LI) [Pagel, Kampine, Schmeling & Warltier], 278

failure**right**

in pulmonary thromboembolism (MI) [Dehning & Arens], 146

force-frequency relation

nitrous oxide effects on (LI) [Lawson, Frazer & Lynch], 930

hemofiltration

and cardiac function in sepsis (CI) [Gomez, Wang, Unruh, Light, Bose, Chau, Correa & Mink], 671

hypoxia

protective effects of halothane and isoflurane and (LI) [Marijic, Stowe, Turner, Kampine & Bosnjak], 976

inotropic state

and myocardial contractility, effects of halothane and isoflurane on (LI) [Pagel, Kampine, Schmeling & Warltier], 278

intramyocardial air

causes ventricular dysfunction after repair of congenital heart defect (CR) [Greeley, Kern, Ungerleider & Kisslo], 1042

ischemia

inhalational anesthetics and (LI) [Belo & Mazer], 1243

intraoperative segmental wall motion abnormalities as markers of (CI) [London, Tubau, Wong, Layug, Hollenberg, Krupski, Rapp, Browner & Mangano], 644

perioperative, incidence of, detected by different electrocardiographic systems (CI) [Slogoff, Keats, David & Igo], 1074

isolated

direct effects of nitrous oxide on (LI) [Stowe, Monroe, Marijic, Rooney, Bosnjak & Kampine], 1220

and protective effects of halothane and isoflurane (LI) [Marijic, Stowe, Turner, Kampine & Bosnjak], 976

left ventricular pressure

direct effects of nitrous oxide on (LI) [Stowe, Monroe, Marijic, Rooney, Bosnjak & Kampine], 1220

and protective effects of halothane and isoflurane (LI) [Marijic, Stowe, Turner, Kampine & Bosnjak], 976

metabolism

effects of thoracic epidural anesthesia on, in coronary artery disease (CI) [Blomberg, Emanuelsson, Kvist, Lamm, Pontén, Waagstein & Ricksten], 840

myocardial contractility

anesthetics and indices of (LI) [Pagel, Kampine, Schmeling & Warltier], 278

ion-electrode

- blood cyanide measurements with (LR) [Yagi, Ikeda, Schweiss & Homan], 1028

ion-selective microelectrode

- in study of effects of extracellular magnesium (LI) [Lopez, Sanchez, Lopez, Ryan, Mendoza, Sreter & Allen], 109

laser Doppler

- and thermoregulatory threshold in infants and children (CI) [Bissonnette & Sessler], 1114

magnetic resonance spectroscopy

¹⁹F

- in study of absence of abundant binding sites for anesthetics

- (LI) [Lockhart, Cohen, Yasuda, Kim, Litt, Eger, Chang & James], 455

spin-echo

- in study of absence of abundant binding sites for anesthetics (LI) [Lockhart, Cohen, Yasuda, Kim, Litt, Eger, Chang & James], 455

mass spectroscopy

- in study of liquid nitrogen and venous gas embolism (CR) [Dwyer, Thorne, Healey & Bedford], 179

mechanomyography

- in study of vecuronium dose-response and maintenance requirements in patients with myasthenia gravis (CI) [Nilsson & Meretoja], 28

microdiffusion

- blood cyanide measurements with (LR) [Yagi, Ikeda, Schweiss & Homan], 1028

neuromuscular blockade

- in study of neostigmine antagonism of vecuronium blockade (CI) [Magorian, I ynam, Caldwell & Miller], 410

plethysmography

volume

- for skin-surface temperature gradient assessments (LR) [Rubenstein & Sessler], 541

pulse oximetry

- carboxyhemoglobin and (CO) [González, Gómez-Arnuau & Pensado], 573
- failure thresholds in hypotension and vasoconstriction (LR) [Severinghaus & Spellman], 532
- warning in use of (CO) [Morningstar], 358
- warning in use of (CO) [Swedlow], 358
- warning in use of (CO) [Willingham], 358

pulsed Doppler

- to determine coronary bypass graft flow in dobutamine administration (CI) [Beloucif, Laborde, Beloucif, Piwnica & Payen], 1127

radioactive tracers

- to assess effects of sufentanil on human cerebral blood flow (CI) [Mayer, Weinstabl, Podreka & Spiss], 240

sonomicrometry

- in assessment of local and global right ventricular function during PEEP (LI) [Zwissler, Forst & Messmer], 964

thermodilution

- in study of right ventricular response to hypercarbia after cardiac surgery (CI) [Viitanen, Salmenperä & Heinonen], 393

thermography

- in reflex sympathetic dystrophy syndrome limited to one finger (CR) [Chester], 558

¹³³Xe washout

- blood flow determinations by, after intravenous versus intracarotid anesthesia administration (CI) [Young, Prohovnik, Schroeder, Correll & Ostapovich], 637

dopamine and (CI) [Beloucif, Laborde, Beloucif, Pivnicka & Payen], 01127

cardiopulmonary bypass

complications, brain water content, effect on oncotic pressure on (LI) [Hindman, Funatsu, Cheng, Bolles, Todd & Tinker], 951

heparinoid to provide anticoagulation for (CR) [Doherty, Ortel, de Bruijn, Greenberg & Van Trigt], 562

in patients undergoing myocardial revascularization (CI) [Dietrich, Spannagl, Jochum, Wendt, Schramm, Barankay, Sebening & Richter], 1119

with profound circulatory arrest, effects on anterior fontanel pressure and visual evoked potentials (CI) [Burrows, Hillier, McLeod, Iron & Taylor], 632

comparison of brachial and radial pressure monitoring in patients undergoing (CI) [Bazara, Welch, Golding & Badhwar], 38

congenital heart disease

intramyocardial air causes right ventricular dysfunction after repair of (CR) [Greeley, Kern, Ungerleider & Kisslo], 1042

coronary artery bypass

contraindication for internal mammary artery for bypass graft (CR) [Amar, Attai, Gupta & Jones], 783

coronary artery bypass grafting

perioperative ECG ischemia detection during (CI) [Slogoff, Keats, David & Igo], 1074

open heart

excessive airway pressure due to ventilator valve malfunction during (CR) [Sprung, Samaan, Hensler, Atlee & Kampine], 1035

perioperative stress in newborns in (CI) [Anand, Hansen & Hickey], 661

protamine reactions, explosive mediator release, and pulmonary vasoconstriction in (EV) [Lowenstein & Zapol], 373

right ventricular response to hypercarbia after (CI) [Viitanen, Salmenperä & Heinonen], 393

cardiopulmonary bypass

comparison of brachial and radial pressure monitoring in patients undergoing (CI) [Bazara, Welch, Golding & Badhwar], 38

vascular resistance

aortic-to-radial arterial pressure gradient after (CO) [Urzua], 191

cardiovascular

cardiopulmonary bypass

does it alter enflurane requirements for anesthesia? (LI) [Hall & Sullivan], 249

carotid endarterectomy

intravenous versus intracarotid ¹³³Xe cerebral blood flow during (CI) [Young, Prohovich, Schroeder, Correll & Ostapovich], 637

cholecystectomy

laparoscopic

anesthesia for (CR) [Marco, Yeo & Rock], 1268

chronic instrumentation

and effect of halothane on O₂ delivery-consumption relationship (LI) [Rock, Beattie, Kimball, Nyhan, Chen, Fehr, Derr, Parker & Murray], 1186

complications

anesthesia-associated, leads to intense REM sleep (CI) [Knill, Moote, Skinner & Rose], 52

coronary bypass graft

relationship of regional wall motion abnormalities to hemodynamics in (CI) [Leung, O'Kelly, Mangano & S.P.I. Research Group], 802

craniectomy

transvenous pacing for anesthetic management of (CR) [Isabel, Brassard & Trépanier], 1039

craniotomy

anesthesia for: intravenous opioids compared to (CI) [From, Warner, Todd & Sokoll], 896

cryotherapy

liquid nitrogen instillation for, can cause venous gas embolism (CR) [Dwyer, Thorne, Healey & Bedford], 179

endometrial ablation

Nd:YAG laser, fatal venous air embolism following (CR) [Challenger & Kaufman], 548

gynecologic

dexmedetomidine reduces anesthetic requirements for patients undergoing (CI) [Aantaa, Kanto, Scheinin, Kallio & Scheinin], 230

heart-lung transplant

airway obstruction due to lungs from asthmatic donor complicating (CR) [Ghosh, Latimer & Tew], 1270

hepatic resection

venous air embolism during (CR) [Hatano, Murakawa, Segawa, Nishida & Mori], 1282

hysteroscopy

air embolism as complication of (CR) [Perry & Baughman], 546

laser

air embolism as complication of (CR) [Perry & Baughman], 546

Nd:YAG laser

endometrial ablation, fatal venous air embolism following (CR) [Challenger & Kaufman], 548

neurosurgery

anesthesia for: intravenous opioids compared to (CI) [From, Warner, Todd & Sokoll], 896

orthopedic

liquid nitrogen instillation for, can cause venous gas embolism (CR) [Dwyer, Thorne, Healey & Bedford], 179

pulmonary embolectomy

in pulmonary thromboembolism (MI) [Dehning & Arens], 146

thoracic

needle biopsy in, left atrial air embolism during (CR) [Worth, Burton, Landreneau, Eggers & Curtis], 342

dobutamine
and coronary bypass graft flow (CI) [Beloucif, Laborde, Beloucif, Piwnica & Payen], 1127
- dopamine**
measurements of, in study of cerebrovascular and cerebral metabolic effects of N₂O in unrestrained rats (LI) [Baughman, Hoffman, Miletich & Albrecht], 269
- epinephrine**
effect of, on intrathecal fentanyl analgesia in patients undergoing postpartum tubal ligation (CI) [Malinow, Mokrisi, Nomura, Kaufman], 381
measurements of, in study of cerebrovascular and cerebral metabolic effects of N₂O in unrestrained rats (LI) [Baughman, Hoffman, Miletich & Albrecht], 269
and fentanyl and sufentanil anesthesia: how much is enough? (CI) [Philbin, Rosow, Schneider, Koski & D'Ambra], 5
- norepinephrine**
measurements of, in study of cerebrovascular and cerebral metabolic effects of N₂O in unrestrained rats (LI) [Baughman, Hoffman, Miletich & Albrecht], 269
does opioid "anesthesia" exist? (EV) [Hug], 1
in response to stress (RA) [Weissman], 308
- clonidine**
cardiovascular and nociceptive reflexes in response to, in halothane-anesthetized rats (LI) [Nagasaka & Yaksh], 1198
somato-sympathoadrenal reflex response to, in halothane-anesthetized cats (LI) [Gaubmann, Yaksh & Tyce], 425
subarachnoid, and spinal cord blood flow (LI) [Crosby, Russo, Szabo & Davies], 1179
- dexmedetomidine**
cardiovascular and nociceptive reflexes in response to, in halothane-anesthetized rats (LI) [Nagasaka & Yaksh], 1198
- dopamine**
measurement of, in assessment of somato-sympathoadrenal reflex response in halothane-anesthetized cats (LI) [Gaubmann, Yaksh & Tyce], 425
- epinephrine**
cerebral ischemia, and ganglionic blockade (LI) [Werner, Hoffman, Thomas, Miletich & Albrecht], 923
measurement of, in assessment of somato-sympathoadrenal reflex response in halothane-anesthetized cats (LI) [Gaubmann, Yaksh & Tyce], 425
optimal content, with and without acute beta-adrenergic blockade, test doses of (CI) [Guinard, Mulroy, Carpenter & Knopes], 386
- esmolol**
and pulmonary reactivity to methacholine (LI) [Tobias, Sauder & Hirshman], 132
- ganglionic blockade**
cerebral ischemia, and catecholamines (LI) [Werner, Hoffman, Thomas, Miletich & Albrecht], 923
- hexamethonium**
cerebral ischemia, and ganglionic blockade (LI) [Werner, Hoffman, Thomas, Miletich & Albrecht], 923
- medetomidine**
antinociceptive interaction between opioids and (LI) [Ossipov, Harris, Lloyd, Messineo, Lin & Bagley], 1227
- methoxamine**
cardiovascular and nociceptive reflexes in response to, in halothane-anesthetized rats (LI) [Nagasaka & Yaksh], 1198
- norepinephrine**
cerebral ischemia, and ganglionic blockade (LI) [Werner, Hoffman, Thomas, Miletich & Albrecht], 923
halothane decreases release of (LI) [Rorie, Hunter & Lunn], 722
measurement of, in assessment of somato-sympathoadrenal reflex response in halothane-anesthetized cats (LI) [Gaubmann, Yaksh & Tyce], 425
and serotonergic interactions with noradrenergic systems (LI) [Nakagawa, Omote, Kitahata, Collins & Murata], 474
- propranolol**
and pulmonary reactivity to methacholine (LI) [Tobias, Sauder & Hirshman], 132
- reflex venoconstriction**
inhibitory action of halothane on, in mesenteric capacitance veins (LI) [Stekiel, Dzono, McCallum, Bosnjak, Stekiel & Kampine], 1169
- renal sympathetic nerve activity**
suppression by trimethaphan (LI) [Taneyama, Goto, Goto, Benson, Unruh & Arakawa], 433
- ST-91**
cardiovascular and nociceptive reflexes in response to, in halothane-anesthetized rats (LI) [Nagasaka & Yaksh], 1198
- sympathectomy**
epidural anesthesia and vasopressin (CI) [Peters, Schlaghecke, Thouet & Arndt], 694

- sympathetic efferent nerve activity
 - inhibitory action of halothane on, in mesenteric capacitance veins (LI) [Stekiel, Dzono, McCallum, Bosnjak, Stekiel & Kampine], 1169
 - and sympathetic outflow during isoflurane anesthesia (CI) [Sellgren, Pontén & Wallin], 20
